

Dear friends,

I am grateful for your help for the children and young people of CONCORDIA and for the wonderful moments they experienced in this December.

On behalf of the entire CONCORDIA team and on behalf of all children and youngsters, I want to thank you for your gesture of preparing gifts for all the children and young people in CONCORDIA's programs.

I really want you to see how much happiness you brought into the lives of these children, so I share here with you some images that captured only part of the joy. In the houses there was great noise, sounds of joy and surprised faces, jumps of joy and many many thank you!

Thank you for making these joys possible! We wish you to have a new year with many accomplishments and health!

With all best thoughts,

Diana Certan,

Executive Director Communication & Fundraising
